About Institute

Sherlock Institute of Forensic Science, SIFS India came into existence in 2006; since then, it has been rendering its quality programs and pioneering in forensics, with a highly appreciative and endearing approach from its students. Striving to make its name and identity in the beginning years, Sherlock Institute of Forensic Science India has been a leading institute in India in the fields of forensics, marking its presence for about a decade. The institute has been operating actively in various areas, delivering inevitable excellence and commitment towards the betterment of society, breaking the saga that forensics has always been a neglected issue in an Indian setup, the institute aims to be an integral body providing reliable, efficient and competent programs in all areas of forensics, whether it be an investigation, education, or research.

To date, we have marked our skilled presence throughout the country, in the various government and private sectors. Our performance and presence have been highly appreciated and are considered accountable by our renowned list of patrons. To date, the institute is known to show its effective presence and participation in the grounds of forensic investigation, forensic education, forensic research and development. Its passionate and determined team of experts, along with the director, Dr. Ranjeet Kr. Singh, as its mentor, has led and guided the team with an affirmation to render excellent, error-free programs with a determination to excel in the grounds of forensics.

After marking our presence nationally, we have remarkably manifested our international presence after collaborating with international companies. We have our associates in England, Ireland, United States, United Arab Emirates, Nigeria, Ghana, Uganda, Thailand, Poland, Romania, Afghanistan, Mexico, Texas, Tanzania, Egypt, Jamaica, Indonesia, Italy, Australia, Maldives, and the checklist continues.

Message from Director's Desk

Dr. Ranjeet Singh
Ph.D, M. Sc.

"Dream it, Wish it, Do it." SIFS INDIA is a new generation investigation workforce that understands the growing problems and the need for forensics in all industries and is geared up for educating, training and preparing high-quality forensic professionals to fulfil future needs. When I started the company, it was a great challenge to develop and provide a platform allowing equality for all participants. Platforms are all built on the philosophy which will give you the light of hope and that however or whoever comes forward, the opportunities to succeed are equal for all. During the last 10 Years, SIFS INDIA has witnessed an unprecedented change in the market and opportunities for Professional Forensic Services.

The projected future demand indicates a similar increase in opportunities. Once trained, budding forensic professionals have to seamlessly adapt and leverage this dynamism to benefit the organizations they serve. A successfully trained forensic professional should be capable of identifying future trends and opportunities beyond current boundaries and develop a strategic vision on the grounding of in-depth knowledge and professional insight. The era of modern scientific Forensic Investigation has proffered the demand for "Excellence in Performance", correctly relegating mediocrity and inefficiency to the past.

Turning out "A confident, competent, dynamic and innovative" forensic professional is what we consistently strive for at SIFS INDIA. I am confident that our highly trained "Competent Forensic Professionals" will prove to be indispensable assets to society and the legal and financial industry. I highly endorse the principle "Never give up doing the job that you're passionate about." "To achieve a safe and secure totality of surrounding conditions for all the people with integrity, render a responsible and effective service of high quality accessible to every person."

About Program

Forensic Psychology is applying knowledge and principles of clinical psychology on legal grounds. Since the beginning, history has linked law and psychology, leading to the practice and implementation of psychological expert testimony. In the present era, the psychological status of a being has been regarded as the strongest and weakest link to a person's character and behaviour. Therefore, forensic psychologists perform psychological assessments of various legal domain professionals and participate in investigation, design intervention programs and conduct psychological research. Their role has been crucial as they get into the mind palace and investigate theories lying behind the action of the criminal or victim.

Forensic Psychologists serve the roles and responsibilities of evaluating the competency to stand the trial. This forensic psychology program will teach learners the roles and how forensic psychologists offer their professional expertise to the civil and criminal justice system and assess the individuals involved in crime for legal purposes. It will also enlighten them on how their skills can be sought as advisors and expert witnesses and provide insights on client competency, treatment and sentencing.

The learners will receive and gather knowledge regarding:

- › Concepts and Principles in Forensic Psychology
- › Roles and Responsibilities of Forensic Psychologists in the Criminal Justice System
- › Theories, Disorders, therapy and their applicability to real scenarios
- › Legal scenario and challenges to forensic psychologists
- › Famous case-based discussions

Admission Procedure

Student will Receive

- eID Card
- Hands-on Practice
- Forensic eBooks and Research Papers
- Marksheet
- Certificate
- 24x7 Study Portal
